**Staffing Concerns**

Number of shifts where staffing levels are not compliant with planned levels	0
Number of staffing related concerns escalated to Matron or higher	0

**Matron Assurance Statement**

During the month of March staffing levels remained within the accepted ratio. Acuity was monitored and nil concerns were raised. There has been close monitoring at least twice daily to support clinical staff and monitor bed availability and acuity of patients due to the commencement of the Gynaecology in patient redesign building work. The ward mangers and interim matron have provided a visible supportive presence through proactive leadership.
