Disability

Unfortunately no data has been collected in 17/18 on **disability status** of patients attending the Trust. A new self-booking in system has been introduced however this system has not recorded disability status. This is now being rectified with the software providers.

Sexual orientation

When a patient first visits the Trust we encourage them to complete monitoring forms to inform us of their sexual orientation.

During this time period a total of 15,445 patients completed monitoring forms, the results for sexual orientation are show below:
