May 2019

Last updated: 12/06/2019 at 11:00

Funded WTE	Registered	28.50	Current WTE	Registered	23.00	Number of shifts lost to Sickness Absence	Registered	15
	Unregistered	15.87		Unregistered	11.63		Unregistered	5
	Total	44.37		Total	34.63		Total	20

Day Shift

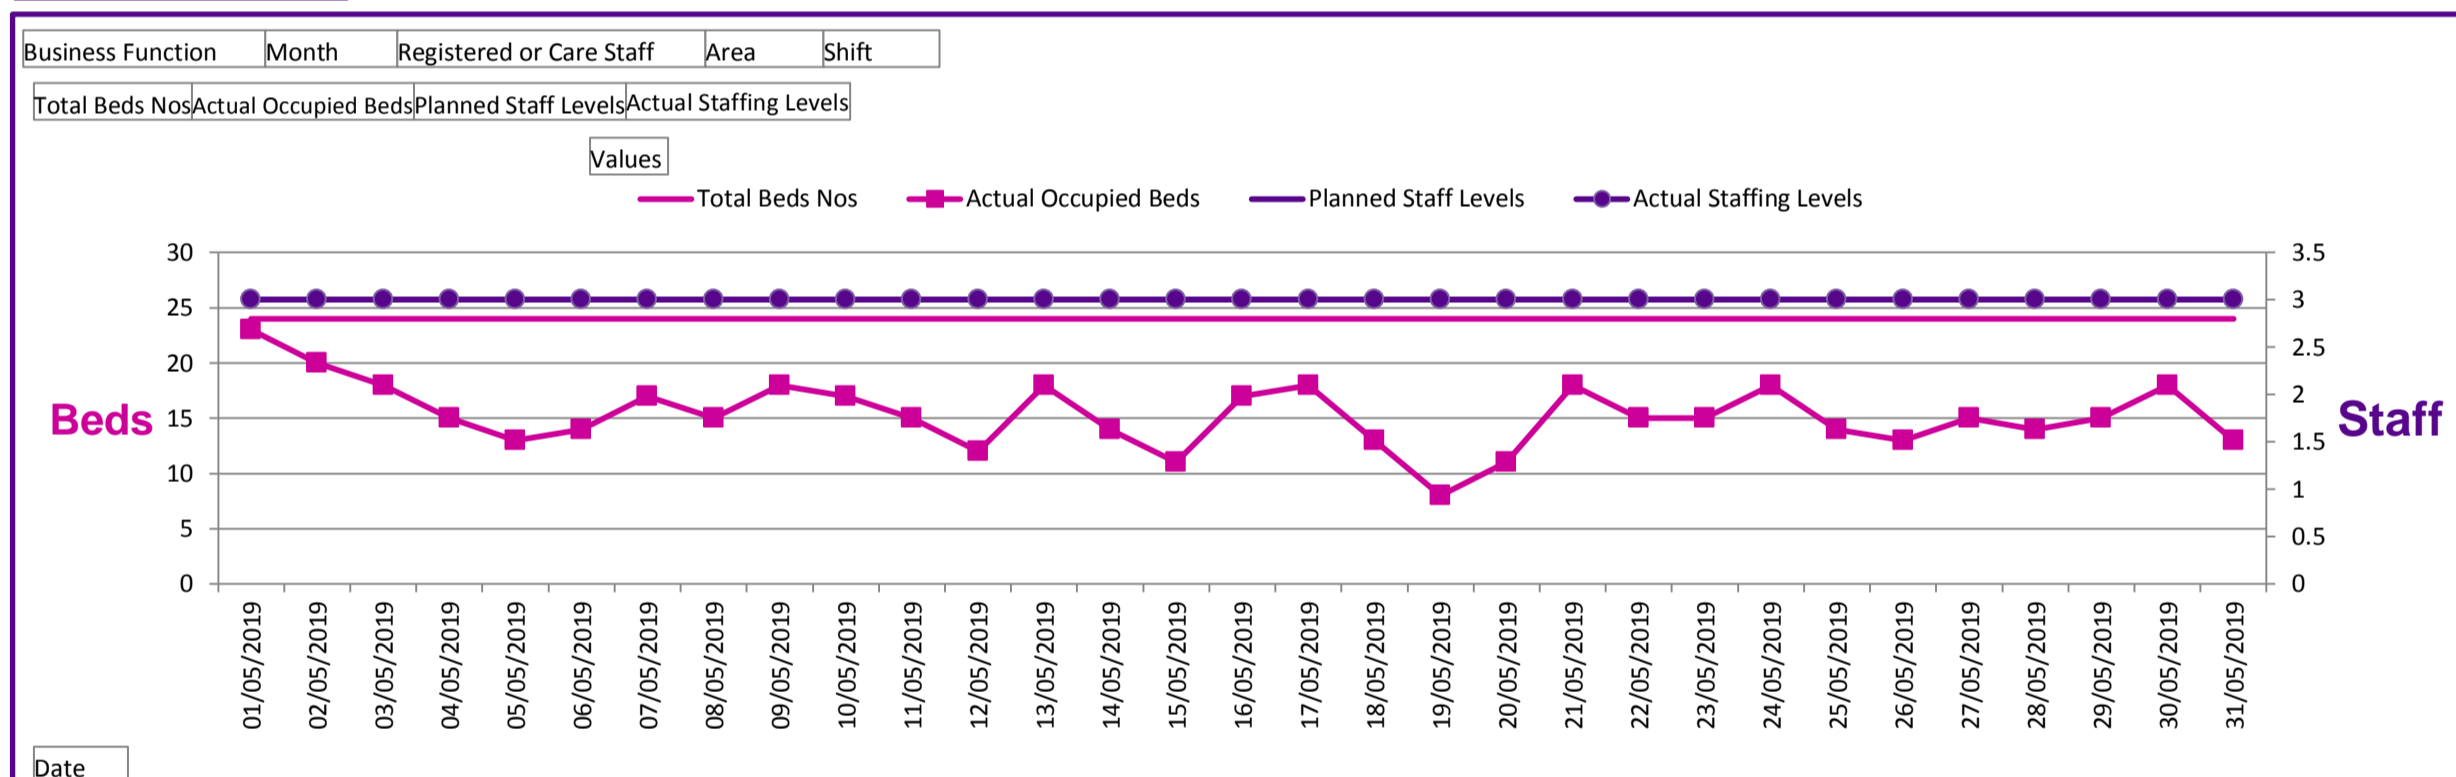

Narrative

Billie-Jo McGibbon - Ward Manager

During the month of May there were 5 occasions where the planned staffing levels were not achieved however, we did maintain our nursing ratio 1:8 due to bed occupancy during these times and safely staff the ward. Regular review of staff by Ward Matron, Managers and Shift Leaders ensured staffing levels were appropriately managed. To support the ward, agency staff have been employed to fill gaps due to staff sickness and outstanding recruitment.

Night Shift

Narrative

Billie-Jo McGibbon - Ward Manager

The ward has been safely staffed at night throughout the month of May. Nursing ratio is 1:11

Staffing Concerns

NONE

Number of shifts where staffing levels are not compliant with planned levels

5

Number of staffing related concerns escalated to Matron or higher

0

Matron Assurance Statement

Throughout the month of May 2019 the Gynaecology Ward was staff with Safe Staffing at all times. When there was an increase of patient's due to the overlap of admissions and discharges this was mitigated through the deployment of further Registered Nurses who were able to provide appropriate care of the patient's. The utilisation of HDU Nurses were there was availability ensured at all times the Gynaecology Ward was providing a high level of nursing care.
