Statement of main factors taken into account in making the above declaration

In making the above declaration, the main factors which have been taken into account by the Board of Directors are as follows:

The Trust expects to deliver a breakeven financial position in 2020/21 and expects to have the resources to deliver services for the following 12 months. Due to the impact of Covid-19, income is fixed to cover costs in the short term. Post Covid-19, the Trust will work with Commissioners as part of a system-wide approach to ensure sufficient income flows to the Trust to cover costs. The Trust has now paid back all historic distressed finance loans and has paid back or will have written off the majority of capital loans. At present there is no requirement anticipated for distress finance, but this facility is available should it ever be required

Signed on behalf of the board of directors, and, in the case of Foundation Trusts, having regard to the views of the governors
